ABOUT ME

Results driven web development professional specializing in high-performance, visually refined websites. Transforms complex ideas into impactful digital experiences that meet client expectations from the first impression. Proficient in end-to-end development across **CMS** (WordPress, Shopify, Webflow, Wix, Squarespace), **Laravel**, and **Custom Code**. Delivers on time, mentors junior developers, and turns complexity into clarity.

WORK EXPERIENCE

Webnet Pakistan PVT LTD

JUN 2025 - PRESENT

Senior Frontend Developer

- Deliver websites that get approved by clients in the very first presentation and Build custom websites using Laravel, WordPress, Shopify, Webflow based on client needs.
- Mentor juniors → two of them now lead their own mini-projects.

Mindzeye INC

Jan 2021 – Apr 2025

Senior Website Developer & Team Manager

- Led a team of developers to deliver high-quality work.
- Developed a custom CMS (PHP/Laravel) that cut development time by 30% and delivering high-quality, high-traffic results.
- Mentored junior developers → team productivity 100%.
- Delivered a high-profile project that increase client satisfaction.

Wizard Innovations US

Mar 2020 – Dec 2020

Internship - Web Developer

- Built responsive websites for clients using WordPress, HTML/CSS/JS.
- Collaborated with designers to achieve pixel-perfect implementations.
- Learned fast: started as intern, promoted within 8 months.
- Faced complex requirements head-on, self-learned, researched, and collaborated with seniors.
